

Please uphold the fairness of our democratic process! Allowing Sinclair Broadcasting to blatantly violate the law by airing an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

The public would benefit substantially from real and local, factual news stories on our public airwaves, not some large company's message and interests. This seems particularly unjust since Sinclair is able to access the public to generate their partisan message free of charge.

The public needs you to serve their interests and our democracy by strengthening media ownership rules--and upholding the law in this case by not allowing Sinclair to get away with requiring this mass airing of "Stolen Honor". No matter what your political beliefs, the law needs to be upheld and it is essential to our democratic process that the public be given fair information in order to make an informed decision. Please don't let us down.

Thank you.
